Question 2

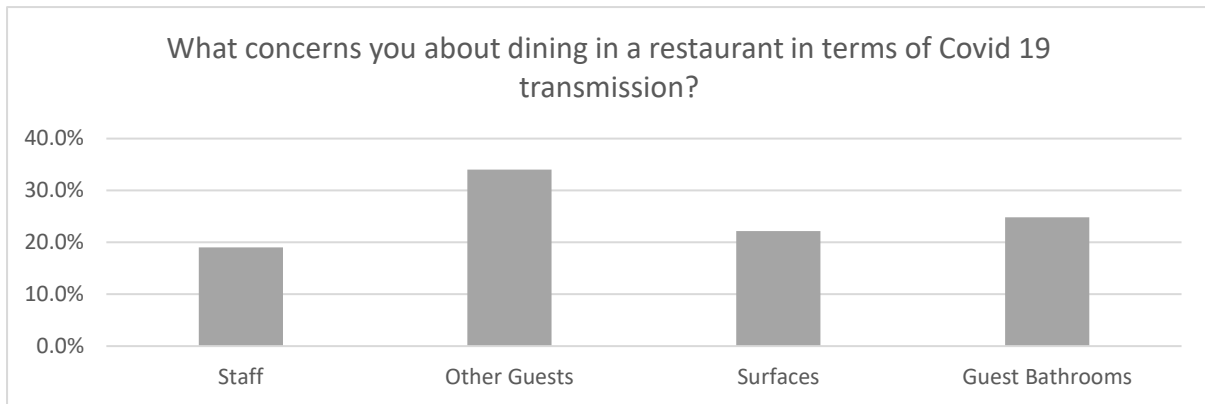

Question 3

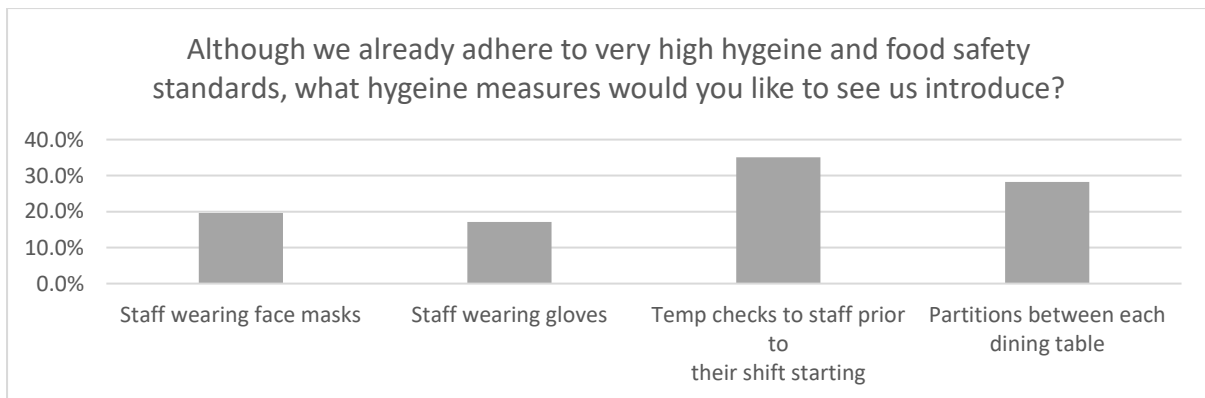

Question 4

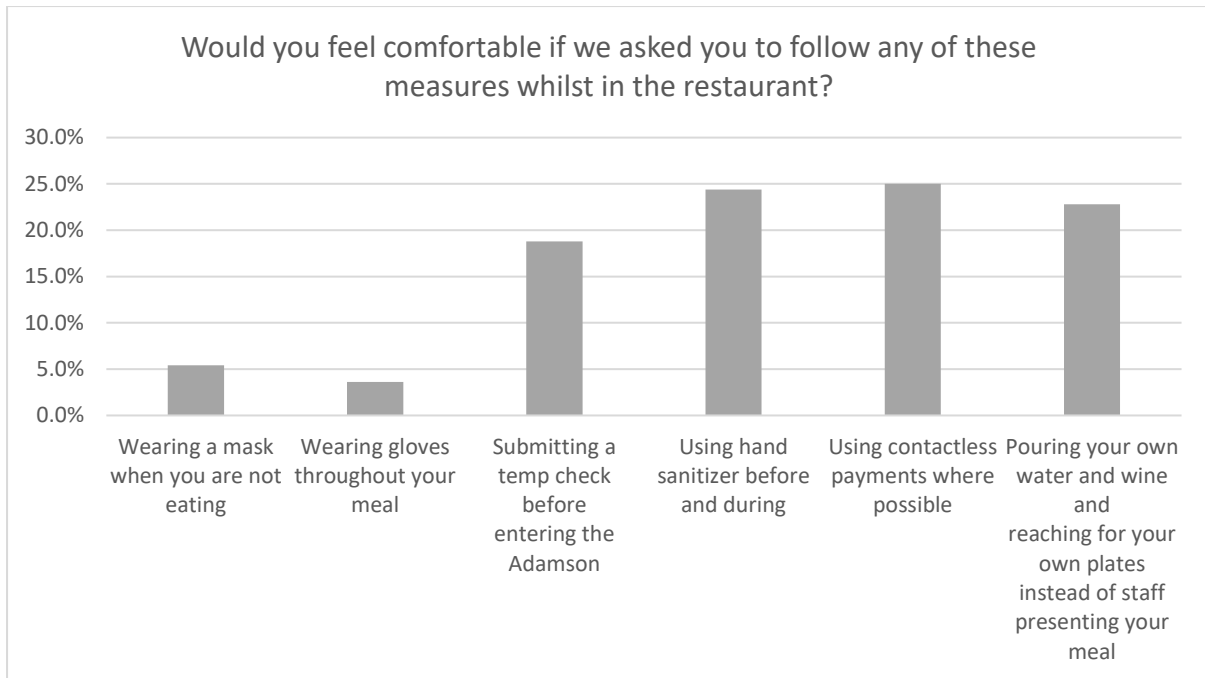

Question 5

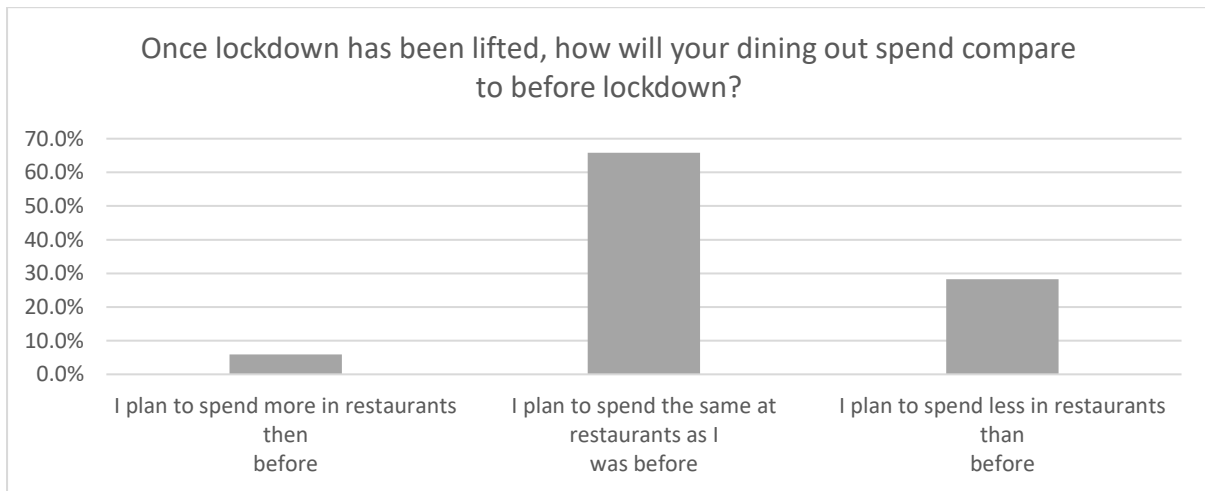

Question 6

Question 7

Question 8

Question 9

Is there anything else you would like to see in our venues post lockdown?

We received over 150 separate responses to this question which in general terms has been summarised below.

- 'Seeing the restaurant being consistently being cleaned whilst there would add reassurance - perhaps 1 permanent staff regularly cleaning the surfaces/handles etc this is their sole role.'
- 'Communication is very important therefore advising procedure in advance is key.'
- 'Tables further apart (social distancing easier then)'
- 'More space between tables and in bars table service rather than queuing at the bar.'
- 'Dont have people gathering at entrance waiting for their table.'
- 'Less tables in the restaurant area.'
- 'Packed lunch/afternoon tea to take away.'
- 'Anti bac sanitiser on each dining table'
- 'I'd love to see the Adamson at home again! I didn't get a chance to order before it stopped.'
- 'Photographs showing any planned changes to existing seating arrangements given the proximity to other guests and passageway. Need more confidence in compliance of social distancing.'
- 'Advice to all diners about minimising risk, staff subtly monitoring diner behaviour and politely advising when risky behaviour observed'

Question 10
